

Do you have a background in communications,
including web development and social media?

Or are you planning a career in communications
and hoping to add some experience to your resume?

**Why not volunteer with the
Groves Hospital Volunteer Association's
communications team!**

The GHVA exists to support Groves Hospital through fundraising (more than \$3.2M raised to date) and through thousands of hours of volunteer work on behalf of the hospital each year. This is a forward-looking time for the GHVA. We have a new Strategic Plan and with it a new Communication Plan, and we intend to share our successes and draw in even more enthusiastic participants for this wonderful cause.

For more information and to apply, go to
<http://www.gmch.ca/volunteering/why-volunteer>.

We look forward to meeting you!
